

The Herald and News.

Edward not captured.

A rumor has been circulated that the negro Edwards, charged with the killing of J. Butler Kinard had been captured Wednesday morning. If there is any truth in the report the authorities here know nothing of it. He is still at large and a reward of \$100 stands for his arrest and conviction.

An Ice Cream Festival.

Excelsior Reel Team No. 2, will give an ice cream festival at the old chapel in West End on Saturday evening, July 26th. Refreshments will be served on the grounds, and everything will be done to make those who attend have a pleasant time. The young men should be liberally patronized, and we have been requested to invite the candidates especially.

A Reduction Sale.

The great reduction sale inaugurated by O. M. Jamieson, the head to foot clothier, will certainly attract the attention of all careful shoppers. He offers the best to be had in his stock at the very cheapest prices consistent with the quality. He has the goods, and if fit, good quality and reasonable summer prices are what you want, Jamieson can please you.

A Card.

I desire to return my sincere thanks to those of my friends who have been kind enough to mention my name in connection with the office of County Supervisor and to urge me to enter the Democratic primary and to assure me of their support. I appreciate most sincerely their interest in my behalf, and regret that circumstances are such that I have been unable to make the race this year.

Respectfully,
J. R. Perdue.

Sent Up for Non-breaking.

Magistrate Chappell sent Doc Coleman, colored, up to the circuit court Wednesday on a charge of housebreaking and larceny. He broke into William Ballentines house on Sunday night last and stole some clothing, for which he will likely go to the penitentiary.

John Coleman was also sent to the chain gang for 30 days, charged with petit larceny. On leaving the magistrate's office the negro proceeded to "cuss things out in general," and was given an additional 30 days' for cursing on the public highways.

To Kill Off Confederate Vets.

Clerk of Court Jno. C. Goggans has received from the State enrollment committee of Confederate veterans, a county enrollment book and one book for each township—and a nice set of books. Mr. Goggans would be pleased if the Township enrollment committees would call at his office and obtain these books, so that the enrollment may begin at once in every Township and neighborhood.

This plan to perfect the rolls of the veterans is a good one, and it is necessary that the work be done at once and be done thoroughly. Let each township and neighborhood enroll their own veterans, and it is hoped that the neighbors, kindred and friends of all living or dead veterans will earnestly unite in aiding the surviving veterans in prosecuting this enrollment at once.

Homing Pigeons.

Wednesday morning Mrs. Caroline Harris noticed among her pigeons a stray and peculiar one, which proved to be a homing pigeon. On its leg was a gold band with the following inscription: "9466 G. A." Mrs. Harris still has it in charge.

On the same day one was also captured at the County Home. It lit on the door steps and was picked up by one of the inmates. On its left leg was an aluminum band with this inscription: "G. E. B. No. 10." On its right leg was a plain brass band. Mr. Suber sent the bird in to the city Wednesday.

It is supposed that the pigeons had been released at some point and got caught in a storm and being exhausted had to stop. Both pigeons are perfectly tame.

THE CITY COUNCIL PETITIONED.

Mr. R. H. Welch Petitioner for Relief in the Sewerage Situation—Does Not Like the Idea of Being Taxed for Something for Which he Receives no Benefit—Petition Received as Information.

Mr. R. H. Welch has taken up the question of sewerage with the Commissioners of Public Works and the City Council and is making things quite interesting in that direction.

The following petition was presented to the City Council at its meeting on Tuesday afternoon, a similar petition being presented to the Commissioners of Public Works, which after some discussion, was received as information and placed on file, with the understanding that the council stands ready at any time to order an election on the question of issuing additional bonds to extend the sewerage as soon as a petition from two-thirds of the freeholders is presented to them:

THE STATE OF SOUTH CAROLINA—County of Newberry—Town of Newberry.

Ex parte, R. H. Welch, Petitioner. In re, The Sewerage Question.

PETITION.

To the Mayor and Aldermen of the Town of Newberry, S. C. The petition of your petitioner would respectfully show:

I. That he is a resident and taxpayer in and of said town of Newberry, S. C.

II. That he wishes to call the attention of the Town Council to the fact that he is being entirely left out by the sewerage system being put in, and no provision whatever is being made for him in any way, whatsoever, to connect with any of the mains of the sewers. The nearest mains to him are higher than the sewer from his home will connect with, and still carry the waste, even though he were able to spend enough money to carry his private sewer blocks in order to reach the street main.

III. He wishes to call the attention of the Town Council to the fact that the sewerage of Johnstone street stops at Mr. John M. Kinard's and turns suddenly to Main street. That no one on Johnstone street can use this sewer, or the one on Main street, because they are both higher than their private sewers will be. That this is one of the very few sections of the town that is building up and that can build up.

IV. He wishes to call attention of the Town Council to the fact that, although the Newberry Cotton Mills pay nearly or quite one-fifth of the taxes of this town, that it and its people, who sorely need the sewerage, if any one in town needs it, get practically no sewerage whatever.

V. He also wishes to state that the Mollohor Cotton Mill and its people, when begins operation, will have sewerage, although it will hardly pay one-fifth as much taxes as the Newberry Cotton Mills.

VI. He wishes also to state that he has just been informed that no one on College street, beyond Scott's Creek will have sewerage; that no one on the street leading by and out to Mr. O. Wells, beyond Scott's Creek will have sewerage; that the side streets that run into those streets will not be sewered; in other words, nearly or quite a clear majority of the residences of this town will not have sewerage.

VII. He wishes to enter his protest against this condition:

1—Because to him, it is not keeping good faith, for he signed the petition asking for the election on the question of sewerage the town, and he voted for the sewerage of the town upon promises held out to him that all would have sewerage. That on account of this promise and assurance, he signed the petition and voted for the sewerage. Not to get it now seems to him a lack of good faith, if it is still in the power of any of the authorities of this town to give it to him.

2—Because he feels that to ask him to pay taxes to help sewer the town and himself be left out is unjust and tyrannical. It is no better than taxation without representation. It is but asking him to tax himself that others may have the luxury and convenience of sewerage; to tax himself that the property of others may be appreciated in value and desirability, while by comparison his is depreciated in value and desirability.

Is this fair? Is it right? Is it good faith?

VIII. He respectfully demands that he either be given sewerage, or that provision be made so that not one dollar or one cent of taxes shall be paid by him for that which he ought to be paid does not get.

IX. He urges the Council to act at once in this matter, because the sewerage operations are being pressed forward very rapidly, and soon he will be met with the answer that it is too late, as the work has passed him. He wants action while action can be had to any effect. Respectfully submitted,

R. H. WELCH.

A Real Cost Sale

Going on the principle that the "early bird catches the worm," Minnaugh has already inaugurated his great summer cost sale, at which goods are going at a mere song. His business the past six months has so far exceeded that of any previous year, that he is feeling good and wants his customers to feel good with him. He offers genuine bargains in every line; bargains that are real bargains. Go and see. Why, Minnaugh can show you more bread spreads on one pile than you can find in all the stores of any town in this State the size of Newberry, and the price—well if you want them, the price is no object.

Every Non-keeper

Knows that it requires the best flour to make the best results on baking. "Clifton" flour gives the best satisfaction because the quality of "Clifton" is always the highest. The quality of "Clifton" never varies, as does the quality of other flours. The house-keeper cannot depend on a flour that varies in quality, but you can depend on "Clifton."

If you have not used "Clifton" have your grocer send you a trial sack.

Your test will prove satisfactory to you as well as to us.
